DATASHEET / BROCHURE

Epson TM-T20III Series

This entry-level thermal POS receipt printer provides a costeffective POS solution with fast print speeds and economical features.

The combination of its fast print speeds, high reliability and economical operation, make this printer a must-have for small retail and speciality stores, hospitality venues and grocery stores.

Affordable

This easy-to-use model is our entry-level POS receipt printer and has an 80mm printing width. Its Automatic Paper Reduction feature reduces top and bottom margins, line feed width and barcode height, allowing for flexible receipt printing. This monitors and controls the amount of paper used. Paper costs are minimised by printing the top logo of the next receipt before cutting, so the top margin is further reduced by 12mm.

Reliable

With the mean time between failures (MTBF) of 360,000 hours and a mechanism life of 15 million lines, you can rely on the TM-T20III in high-volume printing environments.

Flexible

The TM-T20III comes with a built-in USB interface. You can select from two models: 1) USB + Serial, 2) Ethernet, making the model a long-term investment as it is possible to switch connectivity at any time.

Fast

Its print speed of 250mm/sec can save you time and its competitive price and running costs can save you money; ideal for when you need to beat queues quickly.

KEY FEATURES

- Economical Automatic paper reduction function
 Reliable
- Mechanism life of 15 million lines
- Fast print speed Print speed of 250mm/sec
- Flexible connectivity Two models: 1) USB + Serial 2) Ethernet
- Peace of mind Epson is Europe's number one POS printer manufacturer¹

PRODUCT SPECIFICATIONS

Print speed	200 mm/sec	
FONTS & STYLES		WHAT'S IN THE BO
